BIG STRIKE IS ON.

First Day of the Strike In Anthracite Field.

OVER 100,000 MEN QUIT WORK.

Operators Reckoned Without Accurate Knowledge of Situation.

SOME HAZLETON MINES WORKING.

Complete Tie Up In Scranton and Wilkesbarre District—Few Defections In Schuylkill Region and If Men Strike There It Will Be Through Sympathy—Mitchell Expects More Miners to Join the Movement.

Philadelphia, Sept. 17.—Reports from the anthracite coal fields of this state indicate that the tie-up caused by the strike for higher wages of more than 140,000 mine workers is at least as complete as the leaders of the United Mine Workers of America, the organization back of the strike, claimed at any time. Companies and individuals owning mines who had claimed that their workings would operate as usual, despite the strike order apparently reckoned without accurate knowledge of the attitude of their men.

It is true that some operations in the Hazleton region are working with as high as 80 per cent of the men at work, nevertheless the greater number of men in the district are idle.

In the Scranton and Wilkesbarre districts the tie up was practically complete.

As was expected, the Schuylkill region with Pottsville for a central point, was at work with very few defections. These men have not the same grievances that prevail in the other districts and if they go on strike it will be largely through sympathy.

President Mitchell of the United Mine Workers, who has established his headquarters at Hazleton and is personally directing the strike, estimates that over 100,000 men struck and that 15,000 more will join them Tuesday.

COLLIERIES CLOSED.

Situation at Shamokin—Gompers Believes Miners Will Win.

Shamokin, Pa., Sept. 17.—The collieries operated by the Mineral, Union, Philadelphia and Reading Coal and Iron companies, and by individual operators in the suburbs of this place and employing between 9,500 and 10,000 men and boys, were completely tied up by the mine workers going on strike. In the Mount Carmel and Locust Gap districts it is as yet impossible to give the exact number of men on strike owing to the collieries being widely separated.

At the United Mine Workers headquarters the leaders claim 75 per cent of the men in the above districts did not report for work. The operators had no figures to give out. They say a large number of men between here and Mount Carmel and Centralla were intimidated by strikers stopping men near and at the collieries and inducing them to go home.

Large numbers of strikers remained awake all night in order to argue with men going to work at daybreak. Several fist fights occurred between strikers and men going to report for duty.

The North Franklin colliery at Trevorton, operated by the Philadelphia and Reading Coal and Iron company, employing between 500 and 600 men, started up, few miners remaining at home.

President John Fahy of the Ninth district United Mine Workers was pleased over reports from the various collieries. He was not surprised that such a large number of men had ceased work. He said that before the end of the week all operations in Schuylkill, Columbia, Northumberland and Dauphin counties will be idle.

President Samuel Gompers of the American Federation of Labor said before leaving for Hazleton that there is no doubt as to the final outcome being victory for the men, as the conditions were so extremely bad that any movement on their part would be advantageous and inasmuch as the movement is so general the advantage will be correspondingly great.

HAZLETON DISTRICT.

Strike Launched With Varying Success But Without Violence.

Hazleton, Pa., Sept. 17.—The great anthracite strike was begun Monday

throughout the entire hard coal region of Pennsylvania. The launching of the strike in this district was attended by varying success. With the exception of Cox's colliery at Beaver Meadow, the entire territory known as the south side, which includes about 12 mining towns, is completely tied up. This territory is strongly organized which accounts for the general suspension of work. On the north side which takes in 10 towns, and which is not well organized, nearly every colliery started up but only one was able to muster a full complement of men. Several of the collieries after starting work had to suspend because of the lack of men. No violence has been reported.

It was conservatively estimated that nearly 8,000 men of the 16,000 in this

district, started to work. Committees were on duty early endeavoring to persuade those men who had decided to work to not go into the mines. Trouble was expected at the Coleraine mine but nothing occurred to disturb the peace of that place.

Miners at McAdoo are trying hard to get the men at Coleraine to quit and a committee was sent there for that purpose. There was some hesitation on the part of a lot of Coleraine men but when the whistle blew at 7 o'clock they marched into the mines. The collieries at that place are working short handed, however.

The G. B. Markle collieries at Jeddo, Highland and Oakdale, employing 2,200 men, started work shorthanded. Great efforts were made by United Mine Worker officials to bring these men out, but they failed. The Markle mine at Ebersvale, employing 200 men, did not attempt to start.

The only mines on the north side which started with the full number of men were Lattimer, Harwood and Pondcreek. The officials of these mines notified their employees that if they did not report for duty the operations would be suspended indefinitely.

The Cox miners at Drifton, Eckley and Beaver Meadow, on the south side, and the same company's operations at Onedia, Derringer and Gowen on the west side are working, but none of them fullhanded. They are not strongly organized.

At the Lehigh Valley Coal company's washeries an attempt was made to start work, but the non-appearance of the breaker boys prevented it.

The A. Pardee collieries at Cranberry and Crystal Ridge, employing 835 men, started shorthanded, as did also M. S. Kemmerer's mine at Sandy Run.

Among the big mines that did not attempt to start were those of the Lehigh and Wilkesbarre company, at Audenried, J. S. Mentz & Co., at Silver Brook, the Dodson mines at Beaver Brook, and the A. S. Van Wyckle works at Milnesville.

OPERATORS CONFER.

Don't Expect a Compromise and Will Prepare For the Worst.

Wilkesbarre, Pa., Sept. 17.—After hearing reports from the mines the representatives of the big coal companies and individual operators went into conference at 10 o'clock. The situation was gone over and views were exchanged. One of the operators said it looked like a complete tie-up in the region. The operators don't look for a compromise now. They are going to prepare for the worst.

It is known that detective agencies in Pittsburg, Chicago and New York have received orders to send a large number of operatives to the Wyoming region at once.

The striking miners held a meeting and there was a very large attendance. Reports received from the mines to the effect that all hands had refused to go to work, caused much enthusiasm. Organizer Nichols addressed the men at length. He counseled them to be on their good behavior.

At 10 o'clock a. m. a few company hands were at work at the Pennsylvania company's collieries at Pittston. They were cleaning up and no coal was being mined. The United Mine Workers are pleased over what they term their victory at Pittston. They had expected that at least half of the employees of the Pennsylvania Coal company would report for work. The total number of men idle in the Wyoming region is about 22,000. The ratio for each company is: Lehigh and Wilkesbarre Coal company, 5,705; Delaware and Hudson Coal company, 3,090; Susquehanna Coal company, 3,891; Kingston Coal company, 2,262; Delaware, Lackawanna and Western Coal company, 2,333; Lehigh Valley Coal company, 1,139; Red Ash Coal company, 652; Parrish Coal company, 1,160; miscellaneous companies, 3,142.

At 11 o'clock a. m. it was given out at strikers' headquarters that not a ton of coal was being mined in the Wyoming valley outside of the West End Coal company's collieries at Mcanacqua. A committee of United Mine Workers was despatched to Mo-

naqua to confer with the miners there and if possible induce them to quit work. The committee will have a difficult task as the company has always treated its men with exceptional kindness.

WHISTLED IN VAIN.

Miners Were Ready For the Strike And Would Not Respond.

Scranton, Pa., Sept. 1.—Pennsylvania's great strike of anthracite miners is now officially under way. Many thousands of mine workers in the Lackawanna and Wyoming valleys were ready for the strike with the operators, and when the scores of whistles sounded for the day not enough men and boys rallied at any one place to warrant the beginning of work.

Fred Ditcher, the member of the national executive board of United Mine Workers, who is in charge of district No. 1, covering these two valleys, was enthusiastic over the strike news which rapidly came in from every direction. The headquarters were swarmed with officers and workmen from the local upons and all reported a complete tie-up. The Delaware, Lackawanna and Western company made futile attempts to get three of its collieries going, but without effect.

Several of the washeries are operating, but the force of workmen is small. Yet these washeries are considered so important in the quantity of factory force they can turn out from the great piles of cinn refuse that they will be shut down, it is declared, even if the assistance of the railroaders is necessary.

The pump runners want to be called out and have asked the executive board to take this action. The company hands are divided on the work question and their representation is before the executive board. In all not less than 70,000 mine employees of all grades are idle in district No. 1.

In Wyoming Valley.

Wilkesbarre, Pa., Sept. 17.—The coal miners' strike is most general in the Wyoming valley. Some of the Pennsylvania Coal company's collieries in the vicinity of Pittston, started to work short handed. A Delaware and Hudson company mine at Plains is working, but the big mines at Nanticoke, Plymouth and Parsons are completely tied up. The miners strike has tied up nearly all the collieries of the Wyoming region. One colliery of the Pennsylvania Coal company at Pittston and the colliery of the West End Coal company at Monacaqua are working. Nearly 500 men are at work at the Monacaqua mine. President Conynham of the West End company predicted a week ago that his men would not go out. The employees are nearly all foreigners and the United Mine Workers could not reach them for organization purposes. The officials of the Lehigh Coal company say that two of the collieries are in operation, that the number of men working is less than usual. The strikers are orderly and they are keeping away from the works.

Pennsylvania Men at Work.

Harrisburg, Pa., Sept. 17.—The miners at Lykens and Wisconsin went on strike in obedience to the order of the United Mine Workers of America. Fifty out of the 1,000 employees of the coal company went to work, but not enough to start the breaker and it is said the colliery will close down. The men at Tower City and Williams-town are working and no trouble is anticipated. Meetings were held at these places to try to persuade the men not to go to work, but the speakers apparently made no impression upon them. The colliery at Lykens and Wisconsin employs 1,100 men and boys and that at Williams-town about 1,200. Both are controlled by the Pennsylvania road and have been working full time for many years. Tower City employs 1,000 men and boys.

No Politics In It.

Hazleton, Pa., Sept. 17.—In speaking of the charge that politics might have something to do with the present strike, President Mitchell said: "Politics will not, cannot and must not enter into the strike. Personally I approach the contest as a mother would her little babe in its first illness. The sole object of that mother is the restoration of her baby's health. The men who are called leaders in this strike are animated with the same consideration. There cannot be and shall not be any contention in a political sense as to the declaration of the strike. The leaders feel, and they want their men to feel and they want the public to think this is a fight for human liberty. It would be nonsensical, it would be cruel for any one to inject politics."

Pottsville Mines Working

Pottsville, Pa., Sept. 17.—The reports that come from Shenandoah, Ashland,

Girardville, Mahanoy City, Tamaqua, Tremont and Minersville indicate that all the collieries in this vicinity are at work with a full complement of hands. With the exception of Morea, which is operated by Dodson & Co., of Bethlehem, Buck Mountain and Mahanoy City are operated shorthanded, but this, it is said, is not due to a strike but to a Polish wedding which occurred Sunday. These functions consume several days in their celebration. The Lehigh Coal company's collieries are at work as well.

Recruits to Strikers.

Scranton, Pa., Sept. 17.—The carpenters, car repairers, blacksmiths and helpers at every Delaware, Lackawanna and Western company mine here joined the strikers. They were asked to take care of coal outside the mines and to handle it in the breakers. They refused and quit at every mine. An attempt was also made at several of the mines to have engineers and firemen do other work. These men also quit and all repaired to district headquarters and joined the United Mine Workers.

Father Phillips Consulted.

Hazleton, Pa., Sept. 17.—Father Phillips and President Mitchell were again in conference during the afternoon. Neither would discuss the subject of the conference, but it is believed to have been in reference to the proposition of making Archbishop Ryan the mediator between the contending forces. Everything was quiet throughout the Hazleton district during the day.

Centralla Mines Idle.

Centralla, Pa., Sept. 17.—The Continental, Logan and Centralla collieries, operated by the Lehigh Valley Coal company at Centralla were compelled to shut down after working a few hours, owing to the scarcity of men.

DISPATCH FROM CHING.

Wants to Open Peace Negotiations Through Minister Conger.

Washington, Sept. 17.—The Chinese minister has received a dispatch from Prince Ching, dated Peking, Sept. 8, stating that he has been clothed with full authority, together with Li Hung Chang, to negotiate peace, and requesting Minister Wu to ask the secretary of state to instruct Minister Conger to open negotiations at once. Minister Wu took the dispatch to the state department.

It is probable no immediate response to the request for instructions to Minister Conger can be given, as Prince Ching's request will have to be laid before the president and sufficient time given to consider the question of his credentials as well as the desirability of proceeding at once. Moreover it is likely that Minister Conger's judgment as to when the actual negotiations should be open would govern to a considerable extent.

Big Mine Deal.

Denver, Sept. 17.—The News announces that Thomas F. Walsh will receive \$13,000,000 for his Camp Bird mine at Ouray, Colo., from a syndicate of English and American investors, headed by Alfred Beit, the South African diamond king and J. Pierpont Morgan, the New York banker. It is said that a draft covering the first payment is now on deposit at the First National bank. John Hays Hammond, the mining engineer arrived at Ouray to make a final examination of the mine on behalf of the syndicate and it is understood the deal will be closed within 10 days.

Prince Albert Killed.

Dresden, Sept. 17.—Prince Albert of Saxony was killed in a carriage accident Sunday at Wolkau, a short distance from Dresden. He was the fifth son of Prince Frederick George of Saxony, brother of the king. He was born in Dresden Feb. 25, 1875, was a captain in the first regiment of Uhlans and a chevalier of the Order of the Black Eagle. He was unmarried.

Cuban Elections.

Washington, Sept. 17.—General Wood, military governor of Cuba, telegraphs the war department that reports from all parts of the island show that the elections were quiet and orderly, with no disturbances anywhere.

Missing Man Murdered.

Sandusky, O., Sept. 17.—The body of Patrick Mulherin, who has been missing four weeks, was found concealed under rank grass in a marsh east of this city. The body bears evidence of foul play.

Aberdeen, Sept. 17.—At the meeting of the council at Balmoral it was decided that the dissolution of parliament is to take place September 25. The new parliament will assemble Nov. 1.

Population of Augusta.

Washington, Sept. 17.—The census bureau announces that the population of Augusta, Ga., is 39,441, an increase of 6,141.

POLITICAL PROGRESS.

What Candidates are Doing as the Campaign Goes On.

BRYAN SPEAKS BEFORE BREAKFAST.

Roosevelt Accepts Nomination and Says There is no Imperialism. President Will Receive no More Delegations at Canton.

Carthage, Mo., Sept. 17.—Mr. Bryan began his day's work at Springfield, Mo., at 5 o'clock a. m. and made three speeches before breakfast. The second appearance of the day was at Aurora and the third at Monett. It was barely daylight when Springfield was reached, but notwithstanding the early hour, there was a large crowd awaiting the arrival of the train.

Mr. Bryan did not speak to exceed five minutes at either Springfield or Aurora, but at Monett, he left the car and addressed the crowd from the elevated porch of a nearby hotel. His talks were all along general lines, referring principally to the trusts and to imperialism, and suggesting questions to be put to Republican opponents.

Mr. Bryan said "the Republicans are now boasting that we have reached a point where we can loan money to people in other countries. I want to ask you if you regard that as an evidence of prosperity. Why would any man send his money to Europe for investment if he could find a place in this country to invest it? Money sent abroad for investment must be sent for one or two reasons—either because the men who send the money over there think more of the people over there than he does of the people here and does it for love and devotion or because it is a matter of business—that is, because he can invest it to better advantage in an European country than he can in this country."

Mr. Bryan was also greeted by good crowds at Pierce City and Searsville, Carthage and Joplin, making brief speeches at each place.

Roosevelt's Acceptance.

New York, Sept. 17.—In his formal letter accepting the Republican nomination for vice president Governor Roosevelt says one absolutely vital need of our whole industrial system is sound money. As a remedy for the trust evil he recommends publicity of capitalization and profits. On expansion he draws a parallel between what Jefferson and Jackson did with Louisiana and Florida and what is now being done with the Philippines, and cites the government of the Indians as a case where the constitution does not follow the flag. He denies that there is anything in the United States remotely resembling "imperialism" and "militarism," likens the Filipinos unto Boxers, and concludes by holding that "the question is not whether we shall expand, having already expanded, but whether we shall contract."

Too Cool on the Porch.

Canton, O., Sept. 17.—With cool, cloudy and uninviting weather outside the members of the McKinley household remained indoors all day and the porch was without its usual quota of waiting callers. The president is enjoying splendid health after his two days of rest and quiet.

No Receipts at Canton.

Canton, O., Sept. 17.—It has been definitely decided that President McKinley will not receive delegations during the campaign on account of the situation in the Orient. Delegations which were coming to Canton have been notified accordingly.

Smith In West Virginia.

Washington, Sept. 17.—Postmaster General Smith left Washington for West Virginia where he will make a number of campaign addresses, beginning at Charleston.

Policeman Killed a Burglar.

Seattle, Wash., Sept. 17.—Edward S. Morse, 37, formerly of Redyard, Minn., just returned from Nome, was shot and instantly killed by Policeman Fred A. Ribach, who found Morse and two comrades attempting to commit burglary. Ribach attempted to arrest them and a pitched battle with revolvers ensued, 20 shots being fired. Harry Austin, one of the burglars was wounded in the arm while fleeing from the scene. Morse had been a shingle weaver before coming to this coast last February.

Dayton Won the Pennant.

Toledo, Sept. 17.—The Interstate base ball league season closed with Sunday's games. Dayton won the pennant, the other teams finishing in the order named: Ft. Wayne, Toledo, Wheeling, Maesfield, Anderson, New Castle, Marion, Ind.

BRYAN has got the Republicans badly
 scared. The mere announcement that
 he will not make another race causes the
 Ledger editor to break out in praise to
 the Lord.

CALEB POWERS' friends are preparing
 to celebrate his birthday at the place he
 was born, on Patterson creek, Whitley
 County, next Saturday. But Caleb will
 have to send his regrets.

How do the old soldiers like the idea
 of having their pension money paid in
 50 cent silver dollars? That's about what
 would happen if Bryan is elected.—Dover
 Messenger.

The editor of the Messenger never saw
 "a 50 cent silver dollar" and never will
 see one. Does he take the old soldiers
 for a lot of fools?

"WEAK, SHIFTY AND UNPATRIOTIC."

Ex-Senator Hill, of New York, spoke
 at Herkimer Friday night and dealt McKinleyism some sledge hammer blows.
 Here are a few paragraphs that are to the
 point:

An appeal is made by our opponents
 to our love of country. We heard the
 same specious appeal in 1896, and we al-
 ways hear it when our opponents seek
 Democratic votes to aid their cause. It
 is a partisan and not a sincere or patri-
 otic appeal. It is based upon false pre-
 tensions. The country is not in danger ex-
 cept from those who are now administer-
 ing its government. We will protect it
 flag wherever it goes, but we will see
 that the flag goes only where it belongs.
 It shall not be hauled down in disgrace,
 neither shall it be raised anywhere in
 dishonor.

"The people are opposed to this Govern-
 ment acquiring territory which is not
 to be governed by our Constitution. It
 has no more Constitutional right to set up a
 colonial system than it has to create a King.
 The foreign policy of the present Na-
 tional administration has been weak,
 shifty, inconsistent and unpatriotic and
 the best thought of the country—the
 best students of history—the most intel-
 ligent of Americans are against it.

"No right-minded man can defend a Presi-
 dent who said in his annual message that
 it was our 'plain duty' to give free trade to
 Porto Rico with the United States, and then
 within a few months thereafter signed a meas-
 ure which imposed a tariff duty of 15 per
 cent.

THAT DINNER PAIL.

The Republican leaders, who set up
 the claim that the laboring men of the
 country depend upon them for their
 daily bread, call on them to vote for
 "four years more of a full dinner pail."

"There are dinner pails and dinner
 pails and they vary in size," says a writer.
 "The trust magnates have one size, and
 the workman another. Let us com-
 pare a few of them:

"In 1896, John D. Rockefeller's Stand-
 ard Oil dividends were \$15,000,000. In
 1900, year ending July 1, \$38,000,000.
 The "filling" of his pail increased \$23,-
 000,000.

"Rockefeller's average clerk received
 \$720 in 1896, and the same in 1900, while
 the cost of his food and clothes was in-
 creased 25 per cent, and over.

"In 1896 Andrew Carnegie's profits
 were \$7,500,000. In 1900, \$32,000,000. He
 can stand four years more of that kind of
 a dinner bucket.

"In 1896 the average daily wage of
 Andrew Carnegie's employees was \$2, or
 \$634 for a full year's work. In 1900, it
 was \$1.55, or \$483. The workman's
 dinner pail was not growing.

"In 1896 Mark Hanna, from his coal
 mines and mill stock and the like, net-
 ted \$735,000. In 1899, after they had
 been placed in the trusts his profits were
 \$3,295,500.

"In 1896 the average annual earnings
 of Mark Hanna's coal miners were \$384;
 in 1900 they were \$298. How about that
 dinner bucket?

"Thus we find that the wealth of these
 three Republican trust magnates who
 'want four years more' of it, swelled
 immensely, while the earnings of their
 employes stood still or decreased.

"Rockefeller's profits increase \$23,000,-
 000 in four years, or at the rate of over
 \$5,000,000. His \$720 a year employe got
 no increase at all.

"Carnegie's profits, during the same
 time, increased \$24,500,000, while the
 average wage of his employes fell from
 \$1.55 to \$1.43.

Hanna's profits increased \$2,560,000,
 while the average annual earnings of his
 miners decreased from \$384 to \$298.

"Of course the Republican trust mag-
 nates 'want four years more' of it. But
 what say the workmen whose wages
 are lean? What the profits of the magnates
 may be for?"

FOR BRYAN.

Prominent Rallying to the Sup-
 port of Democracy's
 Leader.

A Nebraska Banker, a Chicago Judge and
 Prominent New Yorker Among
 the Number.

LINCOLN, NEB., September 15.—Patrick
 Haggerty, of O'Neill, President of the
 Elkhorn Valley Bank, an old soldier and
 pioneer of Nebraska, a strong believer in
 a protective tariff, an uncompromising
 advocate of the gold standard, has de-
 clared his intention of voting for Bryan.

In the hard campaign of 1896 he was
 President of the McKinley-Hobart club.
 Haggerty has powerful influences in Ne-
 braska, and great pressure was brought
 to bear to have him return to the fold,
 but he has one answer for all, saying:
 "I think more of country than party. While
 I regret to differ with the party I worked with
 all my life, still conscience and judgement tell
 me the policy of McKinley means the ultimate
 destruction of a republican government, and
 I will not cast my vote to destroy it."

CHICAGO, September 16.—Ex-Judge
 Thomas A. Moran has come out for Bryan,
 and has informed the Democratic State
 Committee that he is not only willing,
 but anxious, to take the stump for the
 entire Democratic ticket.

Officials of the Democratic State Com-
 mittee see much significance in the con-
 version of ex-Judge Moran to the cause
 of Bryan and Stevenson, pointing out
 that the former Chicago jurist was one
 of the leaders of the Gold Democrats in
 Illinois four years ago, joined with John
 P. Hopkins, James H. Eckels and Henry
 S. Robbins to organize the revolt of
 thousands of Illinois Democrats against
 Bryan and free silver in 1896.

"The issue of imperialism is the chief
 thing that has led me to support Bryan
 this year, for I believe with the Demo-
 cratic nominee for the Presidency that
 that issue is the paramount one of this
 campaign," said Judge Moran this morn-
 ing. "The attitude of the McKinley ad-
 ministration, which aims at establishing
 foreign colonies, is a blow at the Constitution."

ASHLAND, OHIO, September 16.—W. H.
 Davis, a prominent Republican of Ridg-
 way, N. Y., writes to a local paper as fol-
 lows:

"I am absolutely opposed to the policy
 of President McKinley, by which it is
 proposed to govern millions of men with-
 out their consent. This policy established
 in Porto Rico, taxation without repre-
 sentation, and that territory is governed
 by the arbitrary will of a legislature. In
 the Philippines McKinley has prosecuted
 a war of conquest, and demands uncon-
 ditional surrender from a people who are
 of right free and independent.

"The President offers the inhabitants of
 Porto Rico, Hawaii and the Philippines no
 hope of independence, no prospect of Ameri-
 can citizenship, no constitutional protection,
 no representation in our Congress, which
 taxes them. This is the government of men
 by arbitrary power, and this is what I
 call imperialism. I therefore, as a Re-
 publican, oppose the re-election of Mc-
 Kinley. The supreme purpose of the
 people in this momentous campaign
 should be to stamp with their final dis-
 approval the President's attempt to grasp
 imperial power."

MEMBERS RALLY TO-NIGHT.

Mr. Fred B. Smith, of Chicago, to Speak at
 the Y. M. C. A. To-night.

The active members rally or conference
 at the association to-night, 7:30 to
 10 o'clock, will probably be the most in-
 teresting occasion of the season.

Mr. Smith of Chicago, who is special
 Secretary of the International Committee,
 will be present and address the con-
 ference on the religious work of the as-
 sociation. He is a great power for good
 and has met with success in all his work.
 All members cordially invited.

The Kentucky Conference of the M.
 E. Church convenes at Somerset to-
 morrow, with Bishop Earl Cranston pre-
 siding. About 120 ministers will be
 present, all of whom will be entertained
 by the good people of that city. Rev.
 F. W. Harrop, the faithful and zealous
 pastor of the Third street church, closed
 his year's work Sunday, and has gone to
 attend the conference. If the petitions
 of the congregation count with the
 Bishop, he will be returned. The people
 of Maysville will be glad to welcome
 him back.

 neighborhood has played havoc with to-
 bacco, corn, late vegetables and pastures.
 Everything seems to be drying up; and
 the tobacco worms have destroyed a
 great deal of the tobacco. The worms
 are reported more numerous than for
 years. Many farmers on Tuckahoe have
 hauled thousands of gallons of water from
 the new tube wells of Dover. The
 drouth at Washington is more severe
 than here."

The Piqua section of the Mill Precinct
 in Robertson County has organized a
 Bryan and Beckham club. Wm. Morris
 was elected Chairman. The club will
 meet each Wednesday night at the Piqua
 school house. In 1898 when Mr. Will-
 iams was defeated by Pugh there were
 Democrats enough in this section of this
 one precinct, who did not vote, to have
 elected Williams had they gone to the
 polls and voted for him. There was no
 organization at the place at that time.

The Millersburg correspondent of the
 Paris Kentuckian-citizen says: "There is
 a new disease among the cattle here and
 its diagnosis is uncertain. The eye, one
 or both, becomes inflamed and watery
 and is often destroyed. Several head of
 stock have lost both eyes, absolutely. It
 is either infectious or contagious. There
 have been isolated cases discovered, but
 in each herd where seen several head are
 diseased. Thus far there seems to be no
 serious consequences except the blind-
 ness."

Glorious News

Comes from Dr. D. B. Cargile, of Wash-
 ington, I. T. He writes: "Four bottles of
 Electric Bitters has cured Mrs. Brewer of
 scrofula, which had caused her great suf-
 fering for years. Terrible sores would
 break out on her head and face, and the
 best doctors could give no help; but her
 cure is complete and her health is ex-
 cellent." This shows what thousands
 have proved,—that Electric Bitters is the
 best blood purifier known. It's the su-
 preme remedy for eczema, tetter, salt
 rheum, ulcers, boils and running sores.
 It stimulates liver, kidneys and bowels,
 expels poisons, helps digestion, builds up
 the strength. Only 50 cents. Sold by J.
 J. Wood & Son, druggists. Guaranteed.

MARRIED FIFTY YEARS.

Mr. and Mrs. Robert F. Means To-day Celebrate Their Golden Wedding Anniversary.

September 18, 1850, Mr. Robert F. Means and Miss Minerva A. Shackleford were united in marriage, the ceremony taking place at the then residence of the late James H. Hall, three miles west of Vanceburg.

Mr. and Mrs. Means are to-day quietly celebrating their golden wedding anniversary at their pleasant home on East Second street.

The ceremony fifty years ago was performed by Rev. Gilbert Mason.

The bridesmaid, Mrs. Mollie Mitchell, nee Spalding, and the groom's best man, John Conrad still survive. Mrs. Mitchell lives in Chicago and Mr. Conrad in Missouri. Among the guests present fifty years ago still living are Mr. Q. A. Means, of this city, brother of the groom, and Mr. L. T. Pollock, of Lewis County.

Mr. and Mrs. Means have spent their fifty years of married life in Maysville, most of the time at their present home and the rest of the period within about two squares of their residence.

A host of friends join in congratulations and unite in wishing that this worthy and highly esteemed couple may live to celebrate many more anniversaries of the happy event of fifty years ago.

About 1,000 cattle and horses are watered almost daily now at a pool on Mr. T. F. Killgore's farm near Fern Leaf. The drouth is very severe in all that section and if it continues much longer cattle will have to be driven to the river.

The annual sessions of the Kentucky Conference of the M. E. Church, South, will be held at Nicholasville, beginning to-morrow, Bishop Hendrick presiding. A large attendance of the ministers and laymen is anticipated. Rev. J. O. A. Vaught, who has labored so faithfully and successfully the last two years, leaves this afternoon to attend the conference. The members of his congregation and his many friends out of the church are glad to know he will in all probability be returned to the local pastorate for the ensuing year.

James Ford was arrested last evening by Constable Dawson on charge of cutting and wounding Martin Crowell. Ford went into the Crowell saloon shortly after 7 o'clock. He had been drinking and was boisterous. Mr. Simon Crowell told him he would have to quiet down or leave, and Ford then started after Crowell with a large pocket knife. Martin went to his brother's assistance and in the mix-up was slashed across the fleshy part of the hip by Ford. The wound is several inches long and an inch deep, but is not considered very dangerous. Ford was also wounded on the head by a blow from a club. The case was set for trial this morning in 'Squire Grant's court.

BOLD WORK.

A Burglar Raids Mr. Frank Burgoyne's Residence Early Last Evening.

Mr. and Mrs. Frank Burgoyne and little son left their home on Third street, west of Commerce, last evening shortly after 7 o'clock to attend the Wallace Shows. When they reached Second street, Mr. Burgoyne discovered that he had left his street car passes at home and returned to get them.

His surprise may be imagined when he found on reaching the house that the front door was open and the lamp lighted.

Mr. Burgoyne concluded a burglar was at work within and thinking he would have plenty time to summon help and make sure of bagging the game, he hurried back to Second and Commerce to summon a policeman.

No officer was near and Mr. Burgoyne and Mr. Charles Davis returned to the house only to find that the thief had blown out the light and fled, taking with him a coin bank belonging to Mr. Burgoyne's son and containing about \$8.

National Convention Christian Churches, Kansas City Oct. 12th-19th.

The very latest in fancy stationery at Ray's postoffice drug store.

The two-year-old child of William Setters died Monday and will be buried this afternoon.

As the Wallace show train was at the depot Sunday morning thieves boarded a car and stole 160 feet of inch-and-a-half rope and a large ratchet jack. Policeman Wallace found the jack Monday in the weeds under the Wall street viaduct.

F. E. Burton, the check swindler, waived examination in the Police Court Monday and was recommitted to jail to await the action of the grand jury. There are two charges against him—one for forgery and the other for uttering forged paper. Burton seems to realize the Commonwealth has a plain case against him. He said he was unable to give bail and the amount was not fixed.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. The American Dollar at Martin's

Buys a high grade of Clothing.

We are offering for fall wear a suit made by the celebrated firm, Hackett, Carhart & Co., of New York. The material is a fancy all-wool worsted, (not cotton nack) of a neat pattern. The color is strictly fast. The coats are single-breasted, the vests double or single. The pants are cut, just as they should be, right. The price is

\$15.00.

We really do believe that these suits ought to be marked \$16.50, but as we want the business of this community we are determined to sell close, and then we will get it.

MARTIN & CO.

MR. OLNEY'S LETTER.

A Few Press Comments on the Action of the Ex-Secretary of State in Coming Out For Bryan.

Undoubtedly the severest blow that has been given to the Republican party in the present campaign is the pronouncement of Mr. Olney in favor of Democratic success. Following the Vermont election, his defection is almost enough to make the Republican leaders anxiously inquire whether Massachusetts, Connecticut and Rhode Island can be relied on as sure Republican States.—[Indianapolis Press, Ind.]

The stand Mr. Olney takes in the matter can not but bring cheer to the Democrats, while it is a sore disappointment to the Republicans.—[Chicago Journal, Rep.]

It must have a great effect among Democrats who are undetermined as to their course of action and are waiting for further light to shine along their political path ways.—[Chicago Chronicle, Dem.]

Mr. Olney's personal example is not to be reckoned lightly. He is a man of positive character, strength of convictions and ability.—[Chicago Record, Ind.]

River News.

The river is now lower than it has been at any time this year.

The Bedford is now in the Mayeville trade and leaves daily at 10 a. m. for Cincinnati.

The new election law will likely require a circle under each party emblem, and it will be necessary to stamp in this circle to vote a straight ticket.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c. and \$1. Trial bottles free at J. J. Wood & Son's drug store.

NOT THE ONLY ONE.

There Are Hundreds of Maysville People Similarly Situated.

Can there be any stronger proof offered than the evidence of Maysville residents? After you have read the following, quietly answer the question. Mr. A. W. McClenahan, of 119 West Second street, says: "The use in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for more than twenty years, steadily becoming more persistent as time past on. My attention was called to Doan's Kidney Pills and I got a box at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The treatment so greatly benefitted me that my only regret is that I did not know of the valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no substitute.

F. E. Burton, the check swindler in jail here, is also wanted at Paris. He gave the name of F. E. Drayton at that place, and the Chief of Police writes that they have a strong case against him.

THE ANTI-TRUST LEAGUE

Issues a Statement Declaring For Bryan and Stevenson.

CHICAGO, Sept. 14.—The American Anti-Trust League, with headquarters in Chicago, has issued a public address officially endorsing W. J. Bryan for President and Adlai E. Stevenson for Vice President and pledging them the active support of the league.

The statement describes the present administration as the friend of the trusts and Col. Bryan as the "uncompromising foe of private monopoly."

The Maysville Pulley at the Paris Exposition.

The manager of the J. A. Fay & Egan exhibit of machinery at the Paris Exposition has written the following in regard to a Maysville product:

PARIS, FRANCE, Aug. 16, 1900.

To the Ohio Valley Pulley Works, Maysville, Ky.—Gentlemen: We have used your pulleys exclusively to operate our machines exhibited at the Paris Exposition, and it affords me great pleasure to state that they have given most perfect satisfaction.

Judging by the number of persons who have inquired about them, you should derive considerable benefit from the exposition. Yours truly,
G. V. ALTENBERG, Manager.

Houston, Sept. 17.—The latest published list of the dead in the Galveston disaster revised to date accounts for 4,078 persons. The number of people who have left Galveston it is now stated at relief headquarters is over 8,000, and of these about 5,000 are in Houston being cared for. Others have gone on into the interior of the state or to other states.
